# The Monthly Treat

October 2018

Monthly Update - Dogs4Diabetics Dogs-in-Training

## Dogs4Diabetics Dog-in-Training, Perla

The Monthly Treat has been on hold for the past several months as we will be launching a brand new Dogs4Diabetics website.

The Monthly Treat newsletter will ultimately transition into an engaging and interactive webpage experience once our new D4D website is launched. Stay tuned...

# Dogs-in-Training

## Rubina

Training Phase: B-1,3  
Career-Changed from GDB

Rubina is getting ready to take her bringsel test. Once she passes, she can begin pairing her bringsel with the “scent”.

Also, she recently began working on fetching supplies at our D4D Nylabone Training Center and learning to get help from another person.

## Bastille

Training Phase: C-1,3  
Career-Changed from GDB

This adorable black Lab, Bastille, has been working on picking up and holding her bringsel on cue.

Bastille is learning how to also pick up and retrieve supplies such as a glucose monitor kit and a glucose tab bottle with D4D Trainer, Hayley.

Keep up the good work, Bastille!

## Perla

Training Phase: B-1,2  
Career-Changed from GDB

Perla is Dogs4Diabetics first-ever chocolate Labrador Retriever in-training in our program.

She has started her scent training with Dogs4Diabetics Trainer, Christina. Perla will be working up to biting down and holding on to the dumbbell in the coming weeks.

## Fitzgerald

Training Phase: B-5  
Career-Changed from GDB

Dogs4Diabetics Trainer, Hayley, is working with Fitzgerald on retrieving supplies from different areas in our D4D Nylabone Training Center.

D4D Trainer, Christina, is working with Fitzgerald on finding the "scent" in bucket training.

Pictured right: D4D Dog-in-Training, Fitzgerald, is being hugged by D4D Client, Katie (who is waiting to be placed with a D4D Dog).

# Dogs-in-Training

## Umpire

Training Phase: B-1  
Career-Changed from GDB

Umpire is one of our newest Dogs4Diabetics Dogs-in-Training and he's just learning to grab and hold a dumbbell.

Additionally, this handsome Lab is learning to offer behaviors and work independently with confidence away from the handler.

## Vieques

Training Phase: C-1,3  
Career-Changed from GDB

Black Lab-in-Training, Vieques, is working on her duration hold on the dumbbell with Dogs4Diabetics Trainer, Hayley.

The next step for Vieques is to move on to working on her bringsel skills.

Vieques is also rocking the scent bucket training and find it on people.

## Tucson

Training Phase: C-4  
Career-Changed from GDB

Dogs4Diabetics Dog-in-Training, Tucson, celebrated her 3rd Birthday on October 4th at Dogs4Diabetics.

Happy Birthday, Tucson!!!!

She has also been kickin' tail in her training. Tucson is working her way towards bucket testing and beginning to learn to pair the bringsel with finding the scent on a person.

## Prentice

Training Phase: C-4  
Career-Changed from GDB

Prentice is working with Dogs4Diabetics Trainers on scent training before he can start work on pairing his bringsel to the "scent."

He's been working with fetching supplies from long distances, from out of sight, up/down stairs, and from off tables/shelves.

## Michelle

Training Phase: B-4  
Career-Changed from GDB

Dogs4Diabetics Dog-in-Training, Michelle, is getting ready to begin her bucket testing, and she's maintaining all of her other in-training skills.

Picture left: Michelle, is pictured prior to a high school football game wearing Clayton Valley Charter High School's doggie bandana. The "U" represents "Ugly Eagles" which is CVCHS mascot.

## Newton

Training Phase: A-1,2  
Career-Changed from ARF

This good-looking pup, Newton, is working with Dogs4Diabetics Trainers on sharpening his bringsel skills.

We have high hopes for Newton to accomplish amazing things in our Dogs4Diabetics program.
